

SmileTRU Advanced Certification Seminar (CPD 8hrs) 1 DAY - Dr J.W. 'Skip' Truitt BS, DDS

Introduce cosmetic orthodontics with clear aligners into your practice TODAY!

Become a SmileTRU certified practitioner and provide a service that will change a patient's life. Straight front teeth in 180 days or less...without brackets and wires.

The only clear aligner system in the world that offers pre-treatment utilising orthopaedic appliances.

Completing this course will give you the knowledge and skills to enable you to pre-treat your SmileTRU cases by developing the arch with low profile fine wire appliances, you can achieve better results in a shorter timescale as well as saving money.

- Develop narrow arches with invisible ALF appliances
- Open deep bites with invisible RN-Sagittal appliances
- Correct skeletal Class II & Class III overjets
- Close open bites and correct an anterior tongue thrust

Smile TRU
For the New You

A truly revolutionary appliance system designed to correct malocclusions, function and clinical abnormalities. Smile TRU is a transparent sequential aligner system that goes far beyond conventional braces in comfort and convenience for both the patient and the practitioner. It is categorised into 4 levels: canine-to-canine, premolar-to-premolar, full-mouth and full-mouth in conjunction with orthopaedic appliances. SmileTRU is suitable for newcomers and advanced professionals, since the levels are designed to grow as your practice grows.

Why Choose SmileTRU?

- The latest state of the art 3D digital planning technology is utilised to produce our aligners with digital models provided for each stage
- Comfortable and virtually invisible for patients
- Safe, removable and no effect to speech
- Treatment planned in the US, orthodontically approved and aligners proudly Australian Made
- Affordable, clear and open pricing structure with the same price for EVERYONE
