

SmileTRU ADVANCED CERTIFICATION SEMINAR

1-DAY SEMINAR 7 NOV 2019

Brought to you by Dr J. W. 'Skip' Truitt BS, DDS

THE ONLY CLEAR ALIGNER SYSTEM IN THE WORLD THAT OFFERS
PRE-TREATMENT UTILISING ORTHOPAEDIC APPLIANCES

SmileTRU

At SmileTRU we know there are other clear aligner choices on the market...that is why we decided to create a product that is not just another choice, but an entire program. SmileTRU allows the practitioner to work with the patient regardless of the extent of their misalignment. It is categorised into 4 levels: Level 1 - Canine-to-Canine, Level 2 - Premolar-to-Premolar, Level 3 - Full-mouth and Level 4 - Full-mouth in conjunction with orthopaedic appliances.

*SmileTRU Level 2 U & L (10 Aligners - 20 weeks, Dr Lloyd Saville, 818 Dental)

A truly revolutionary appliance system designed to correct malocclusion, function and clinical abnormalities that understands the TMJ and any possible associated TMD. When you choose SmileTRU, you are choosing a group of dedicated professionals and a laboratory that will assist you in implementation and execution of SmileTRU every step of the way.

Completing this course will give you the knowledge and skills to enable you to pre-treat your SmileTRU cases by developing the arch with low profile fine wire appliances, you can achieve better results in a shorter timescale as well as saving money.

- Develop narrow arches with invisible ALF appliances
- Open deep bites with invisible RN-Sagittal appliances
- Correct skeletal Class II and Class III overjets
- Close open bites and correct an anterior tongue thrust

Why Choose SmileTRU?

- 3D digital planning technology produces aligners with digital models provided for each stage
- Comfortable and virtually invisible for patients
- Safe, removable and no effect to speech
- Treatment planned in the US, orthodontically approved and aligners proudly Australian Made
- Affordable, clear and open pricing structure with the same price for everyone
